To report to:

Ladies and Gentlemen, State Directors of Trade and Export Promotion

Fun

topic: in the certificate of conformity

"Halal". Instruction No. 1753 of June 06, 2023.

Our ministerial department received information that there are several shipments stuck at the border level as a result of the educational application.

Mentioned in the reference flags and related to the necessity of requiring a "Halal" conformity certificate, the goods and goods concerned with the certification during and included in the attached list imported from Farda or from any European country that has an office representing the Islamic Institute of the Paris Mosque, charged with following up the procedures for granting this certificate

In this regard, and the fact that the procedures for importing these shipments were completed before the issuance of this instruction, and in embodiment of the instructions of the public authorities aiming to reduce the expenses of the prolonged detention of containers at the site level. I have the honor to ask you to give the necessary instructions to the heads of the border militias to accept certificates of conformity through submitted by bodies other than the Islamic Institute of the Paris Mosque for the shipments concerned with the certificate through which invoices were settled or shipped before the entry into force of this procedure

Attached great importance to the necessity of wide dissemination of this instruction and strict application of it with

The Director General of Economic Control signed the fraud on behalf

On ways to present a

copy to the Secretary-General for Information
